Trending Tuesday: Auto and Residential Burglaries December 31, 2018 to January 6, 2019:

Our APD Crime Analysis Unit research shows **116 vehicles were reported burglarized in Albuquerque** to APD the week of Dec. 31 – Jan. 6th. The numbers ranged from 32 (South East Area Command) to 7 (South West Area Command). The **Foothills Area Command logged 17** auto burglary reports for that week and our Area Command was **4th out of the 6 APD Area Commands** for numbers of reported auto burglaries that week. Several of the reports I saw for the Foothills regarding auto burglaries showed unforced entries, probably due to leaving vehicles unlocked.

Residential burglary numbers city-wide for that week showed a total of **52 reported to APD** and the numbers ranged from a high of 24 in the South East Area Command to a low of 3 from the North West Area Command. **The Foothills Area Command had 10 reports** of residential burglary that week – the **second highest number for the city that week!** See my prior posts on how the burglars are making entries to homes. *If you'd like a personalized crime prevention lesson at your home, contact me at the Foothills Substation.*

Hot Wheels Report: Stolen Vehicles December 31, 2018 to January 6, 2019: The APD Crime Analysis Unit tells us that **65 vehicles were reported stolen last week city-wide**. The numbers ranged from a high of 20 in the South East Area Command to a low of 5 stolen in the South West Area Command. The **Foothills Area Command had 10 vehicles** reported stolen during that week, placing our Area Command **3rd out of the 6 APD Area Commands**. The numbers continue to decline: 85 for 12/24 – 30; 94 for 12/17 – 23. Most popular places to steal a vehicle last week were: apartments (18), single family residences (15), lodging (4), mobile home parks (3), car dealerships/mechanics (3), restaurants (2), businesses (2) and 1 case reported each from a car rental facility, recreation center, parking lot and fitness center. Most popular vehicles stolen last week per APD Crime Analysis Unit were Kias (14/7 Souls), Hyundais (6/5 Sonatas), 7 Chevrolets and 6 Fords.
